

♥ Cardiovascular Disease Training (CVD)

Cardiovascular disease is one of the main causes of disability and premature death around the world. Interpreters or translators working in healthcare settings are bound to come across this topic. We offer this online, language-neutral, specialized training on cardiovascular diseases to interpreters and translators of all levels.

The CVD training features 4 modules covering:

1. Introduction to Cardiovascular Disease
 2. Symptoms and Causes of Cardiovascular Disease
 3. Inflammatory Heart Disease
 4. Prevention and Disease Management
- plus glossaries, practise exercises and additional resources!

♥ CVD Overview

Why Choose MCIS?

Our medical interpreter training programs have helped many interpreters successfully pass various medical interpretation exams and to be fully prepared to take on challenging assignments in healthcare settings.

The programs have been approved by:

- the Ontario Council of Community Interpretation (OCCI),
- the National Board of Certification for Medical Interpreters (NBCMI) and
- the Certification Commission for Healthcare Interpreters (CCHI).

MEDICAL INTERPRETATION TRAINING PROGRAMS

Advanced Medical Interpreter Terminology Training (AMITT)

for Canadian interpreters

This language-neutral course has been designed for interpreters serving clients in the healthcare sector. AMITT was developed for interpreters to expand their medical terminology, practice this terminology in context, and understand the healthcare system.

The program provides ample opportunities to interpret across different healthcare and public health settings. It follows a skills and vocabulary-development approach with asynchronous practice activities on our e-Learning platform.

AMITT features 7 modules covering:

1. Introduction to Healthcare Interpreting
 2. Terminology, Body Systems, and Procedures
 3. The Interpreter in Context
 4. Interpreting in Mental Health Settings
 5. Safety, Self-care and Vicarious Trauma
 6. Public Health Interpreting
 7. Decorum, Assertiveness, and Professionalism
- **Plus Glossaries, Exercises & Language-Specific Practice Resources!**

AMITT Overview:

Appropriate for Experienced Interpreters

Format: **100% Online**

Duration: **60 hours**

Cost: **\$395 + HST**

★ Highlights: ★

Approved for 10 Professional Development Units (PDUs) with Ontario Council of Community Interpreters (OCCI).

AMITT features language-specific practice resources in:

Arabic - Spanish - Russian -
Chinese - Korean - Vietnamese

U.S. Medical Interpreter Terminology Training (UMITT)

for US-based interpreters

This is an ideal preparatory program for both novice interpreters who are looking to gain training in the healthcare sector, as well as for experienced interpreters who wish to pursue certification.

UMITT teaches the US-based approach to the Code of Ethics for interpreters, and interpreter advocacy rights and responsibilities.

UMITT features 8 modules covering:

1. Overview of Medical Interpretation
 2. Terminology, Body Systems, and Procedures
 3. The Medical Interpreter in Context
 4. Simultaneous Interpretation in Healthcare Settings
 5. Interpreting in Mental Health Settings
 6. Safety, Self-care and Vicarious Trauma
 7. Public Health Interpreting
 8. Decorum, Assertiveness, and Professionalism
- **Plus Glossaries, Exercises & Language-Specific Practice Resources!**

UMITT Overview:

Appropriate for All Levels

Format: **100% Online**

Duration: **60 hours**

Cost: **\$395 CAD (~\$300 USD)**

★ Highlights: ★

UMITT can be used to prepare for examination with the National Board of Certification for Medical Interpreters (NBCMI) and the Certification Commission for Healthcare Interpreters (CCHI).

UMITT features language-specific practice resources in:

Arabic - Spanish - Russian -
Chinese - Korean - Vietnamese
